

Already have a website and want to add more content and functionality?

Interactive Tools

companyDATA

Make company reports and credit checking information available from your website

£40 per month (no set-up fee)

mailENGINE+

If you want to be able to send emails containing your own content, then mailENGINE+ enables to send your own dynamic HTML email marketing campaigns

£40 per month (no set-up fee)

Managed option

If you'd prefer, we'll do all the work for you - uploading contacts, setting up emails, scheduling and sending the emails

£60 per month (no set-up fee)

All you have to do is send the information to us and we'll send out up to 12 emails a year for you

Content Options

All content options are branded to look like your website and seamlessly link into your site

They run from our online database which means that the content is updated automatically in your website without you doing a thing

All of this content is included in our standard website option. For more details visit www.cl-totalsolution.co.uk
